The 6th Regiment of Infantry is an Infantry Regiment of the Scout Brigade of Fort George.

Any Troop may come to the encampment for the first two years as a "Volunteer Unit". After two years, your Troop must start work on acquiring **these** "Military Uniforms". These uniforms are the "Official" Regimental dress for the program.

A "Volunteer Unit" uniform is described as follows: **Everyone** in the Troop must have

- the same pants, all white, all blue jeans or all scout pants
- a white shirt with a collar (The collar is worn, turned up, to look like a high collar)
- a stock for around the neck
- anything that can be used as a musket.
- No unit will be wearing their Scout Class "A" uniforms for this program, you can leave them at home, unless your troop requires them for travel.

The "Military Uniform" does not have to be completed in the third year of the program, but you must be working toward that goal.

If you need a pattern for the Coate (American Blue coat with tails) or if you would like information on ordering them as kits or completed Coate's please contact :

[Regimental Commanding Officer](#) or [Regimental Adjutant](#).

We have found a seamstress who may be willing to make these uniforms for you. This is dependent strictly on her availability and time of year (proms, weddings, etc in the spring).
