

The Friday Evening American Program

The American Friday Evening Program is different than the Canadian program the other Regiments participate in.

- Camp opens at 5pm Friday evening where you will spend time setting up your tents. Your troop Scouter/Scoutmaster must register with the Sub Camp HQ Staff where you will pickup your boxes of registration items.
- As soon as your troop is set-up, bring your troop to the United States 6th Regiment of Infantry Headquarters. They will be inspected by the Adjutant to make sure they are good material to become a soldier of the US 6th. They will sign a certificate (suitable for framing) of enlistment for the weekend. Leaders will be able to ask questions and relax in the Headquarters tent during this time.
- As soon as all troops are in camp and sign in with the both Brigade Adjutant and the Regimental Adjutant, the Regiment will assemble for comments by the Regimental Commander and the lowering of the colors to the tune of Chester the National "Air" (Anthem) of the period.
